Dear Sirs,

Selby Local Development Framework: Fifth Set of Proposed Changes to the Submission Draft Core Strategy - Sustainability Appraisal Addendum Report

Thank you for consulting English Heritage about the above document.

We would concur with the conclusions reached about the likely significant effects which the Set of Proposed Changes, Editorial Changes and Minor Amendments to the Core Strategy might have upon the historic environment.

We should like to stress that this opinion is based on the information provided by you with your letter dated 19 December, 2011. To avoid any doubt, this does not affect our obligation to provide further advice and, potentially, object to specific proposals which may subsequently arise (either as a result of this consultation or in later versions of the Plan) where we consider that, despite the SA/SEA, these would have an adverse effect upon the historic environment.

If you have any queries about this matter or would like to discuss anything further, please do not hesitate to contact me.

Yours faithfully,

Ian Smith
