Subject: Interim Housing Policy

Thank you for consulting the Yorkshire Wildlife Trust on the above.

The Trust supports the interim policy and is pleased to see that gardens will receive more protection in line with government policies. The Trust would also like the authority to ensure that any developments proposed close to the Lower Derwent valley provide appropriate buffering and green infrastructure so that this important area for wildlife is protected. Developments in or close to the service villages of North Duffield and Hemingbrough in particular will need to be appropriately designed.

I hope this will be helpful.

Yours

Sara Robin
