Plan: :

I wholly support the plan which I feel is well constructed for the benefit of the community of Church Fenton and its wildlife.

The only aspect I would like to see a little more emphasis on would be tree planting and extension of the current woodland in line with the UK government plans for extension of woodland. Sites suitable for new woodland could be the area South of St Mary's Church- with sensitive planting this wouldn't obstruct views of the Church and would reduce the risk of flooding for houses around Main Street and Nanny Lane.

I presume the document will be updated to reflect the fact that we now do have 2 viable public houses, one with a highly acclaimed restaurant.
