General / Neutral	X

Notification

Please indicate with an 'x' in the box if you would like to be notified of the local planning authority's decision under Regulation 19 in relation to the neighbourhood development plan, to make (or adopt) the plan under section 38A(6) of the 2004 Act.

Comment & proposed changes to the Plan:

(continue on a separate page if necessary)

Across the country Network Rail is currently carrying out the biggest investment in the railway for over a century. This is to modernise the network in line with increasing demand. Passenger numbers have doubled over the past 20 years, and continue to grow.

Our railway upgrade plan will deliver improvements to manage and deliver predicted future growth in both passenger and freight traffic, and move us towards our vision of a better railway for better Britain. A key element of this is working closely with our neighbours and communities.

At this time there are no specific plans for the section of track identified within the Appleton Roebuck with Acaster Selby Neighbourhood Development Plan. We are committed to engaging with all stakeholders should that change in the future and to ensure the views of all parties are heard.

For information on our upgrade plans and how to contact us, please consult our website.
