

Core Strategy Issues and Options Report

Would you like to influence how the District develops in the future?

Selby District Council is preparing a Core Strategy Development Plan Document. This document is part of the Local Development Framework (LDF) for Selby District which will replace the current Local Plan.

The Core Strategy will help establish a spatial vision to tackle the development pressures facing the District over the next 15 years or so and to ensure that future development is sustainable.

As a starting point the Council has produced an Issues and Options Report identifying the key issues, which it considers the Core Strategy should address to meet these challenges and to ensure that the needs of local communities are taken into account.

If you are interested in finding out more or getting involved in the preparation of the Core Strategy you can view the Report together with a Summary version during normal opening hours at the District Council Offices and in public libraries in Selby, Barlby, Sherburn and Tadcaster and mobile libraries. Your Town or Parish Council also has a copy. Alternatively the documents can be downloaded from our website at www.selby.gov.uk. Hard copies are available on request free of charge by contacting the Planning Policy Team on 01757 292063 or email ldf@selby.gov.uk.
