

Draft Growth Options for Designated Service Villages – Focussed Engagement Summer 2015 – Questions

For the focussed engagement, people were asked to consider the following questions:

Q10 (DSV): Appendix B of the study provides a Settlement Profile for each Designated Service Village, including environmental and heritage designations. Is there any information that is incorrect or missing from these Settlement Profiles summaries? (Please note, we are in the process of updating evidence such as flood risk, accessibility, landscape and green infrastructure)

Q11 (DSV): If you had the choice, let us know which option for growth of the Designated Service Villages you would choose?

Q12 (DSV): Are there any better ways/options of determining how many new dwellings should be built in each of the Designated Service Villages up to 2027

Q13 (DSV): What areas of open land in and around your village do you think are especially valuable and tell us why you think so? *(please describe as clearly as possible where this land is and its extent. If possible submit a map to us showing the area(s) you have picked out)*

Q14 (DSV): What parts of the built up area of your village do you think are especially valuable and tell us why you think so? *(please describe as clearly as possible where these areas are and their extent. If possible submit a map or photographs showing the areas you have picked out).*

Q5 (SCG): Do you have any comments on the:

- a. principle of defining Strategic Countryside Gaps in PLAN Selby?
- b. methodology used to assess potential Strategic Countryside Gaps?
- c. assessment of each potential SCG?

Where can I read the Draft Growth Options for Designated Service Villages Study?
