**Subject:** Selby District Council Local Plan - Olympia Park Consultation

Dear Sir/Madam

Thank you for the opportunity to comment on the Olympia Park supplementary planning document. The Leeds City Region Secretariat provides support for the City Region Leaders Board and Local Enterprise Partnership, these comments reflect the thinking of both these bodies.

The City Region has supported Selby Council, who are a member of the partnership, in its endeavours to bring forward the Olympia Park site. The Partnership recognises the economic value of the site to both the district of Selby and the wider city region. The City Region would like to express its support for the principles for bringing forward the site that are set out in the 3 documents (Supplementary Planning Guidance, Framework Delivery Document and Master Plan). As the city region is a strategic partnership it would not be appropriate to comment on the detailed guidance in these documents as this is a local matter. Additionally the City Region is currently considering an application from one of the land owners for support from the Growing Places Fund to forward fund infrastructure to facilitate the development of the site.

Kind regards

Andy
